

Goal

Explore the emotion of “love” in your career
so you can create it for yourself
(vs. waiting for a miracle)

**Lovability is your
ability to create love**

**Who determines how
lovable you are?**

You do.

**You don't need anyone to love you
in order to love yourself**

THECAREERRESET.COM

Love is an emotion

It comes from your thoughts
(not magic)

Love is always the best option

Loving someone else isn't for them... it's for you

**You can love something
and still leave it**
